HOW THE CITY DIRECTORY WILL HELP YOU

Some people regard the City Directory as merely a big book that cannot concern or be of any use to them, personally.

If they realized what it contains, and how it would answer many little questions that come up every day, they would use it in their personal as well as business affairs.

Well, now—doesn't it concern you? It has your name, business and address correctly listed, where your friends, looking for you, will find it.

It has this same information about your friends, and anyone else in the city you may be interested to look up.

It has complete information about the business houses of the city, telling who sells what, and where. It has detailed accounts of progressive houses, who realize they will logically be looked for in the "Selling Section."

It tells how all the streets run, giving numbers at corners; the clearest map of the City; Buildings, Government, Societies and a wealth of facts about the City that can only be appreciated by glancing at the Index.

You will be repaid for a little time spent in finding out how to use this book full of "Who and Where" information; repaid in convenience, in accuracy, and in time saved in your everyday affairs. **But be sure you use the latest,** as an old edition will mislead you.

Giving the location of Streets, Avenues, Parks, Places, Squares &c, showing what other streets and places run from or across them, and with the Householders and Places of Business arranged in Numerical Order upon their respective Streets.

Numerically named streets, i. e. 1st, 2d, etc., appear first in the Pink Section of Volume One.

Business places are denoted by bold face numbers and business being given. In business blocks and apartment houses the occupants are arranged by room or suite where practicable. The locality is placed after the name of street. The word St is omitted.

The symbol ◎ following the name of a householder indicates that we received the information during the canvass that the house is owned by the person listed, or by some member of the family. This information is as received by the canvasser. The publisher does not and cannot guarantee its correctness.

The ♙ preceding names denotes householders and places of business having telephones.

Abbreviations are listed opposite beginning of Alphabetical Section.

† This symbol placed before a listing denotes inability to get complete information by personal call, telephone or mail.

(The numerals that appear at right edge of columns ahead of street descriptions and some street intersections are merely for the guidance of the publishers and have no other significance).

Streets in Ward 1 are located in East Boston; Ward 2, Charlestown; Wards 3, 4 and 5, City Proper; Ward 6 and part of 7, South Boston; Wards 8 and 9, South End and part of Roxbury; Wards 10, 12 and part of 11, Roxbury; Wards 13, 14, 15, 16, 17 and part of 7 and 18, Dorchester; Ward 19 and part of 11, Jamaica Plain; parts of Wards 18, 19 and 20, Roslindale; parts of Wards 18 and 20, West Roxbury; part of Ward 18, Hyde Park; Ward 21, parts of Back Bay, Allston and Brighton; Ward 22, parts of Allston and Brighton.

This Publication Is The Product of a Member of

—thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media, and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.

2. To subscribe to and work for truth, honesty and accuracy in all departments.

3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.

4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use as a business and social reference book and director of buyer and seller.

5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.

6. To solicit subscriptions and advertising solely upon the merits of the publications.

7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.

8. To co-operate with approved organizations and individuals engaged in creative advertising work.

9. To avoid unfair competition.

10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

$100 Reward will be paid by the Association of North American Directory Publishers for the arrest and conviction of any person or persons engaged in the publishing, collecting or canvassing for any fraudulent or fake directories.
